CSF CLIMBING STUMP FARM

CSF BUTTERCUP (PV,D)

Calved: 05/09/24 **Reg No. 70,664**

CSF Buttercup is a striking frosted heifer with exciting genetics. Her dam, CSF Butternut is a beautiful red frosted cow carrying Sky High Cornerstone genetics and older hard to find JAR genetics through Gray Owl's Brianna an impact dam with 10 calves to her credit and another on the way. Buttercup's sire, CSF Pipestone, is a young frosted red bull, whose genetics go straight to Scotland through his sire Philip 1st of Hi-Arrow. Pipestone dam, CSF Charo, a product of Sky High, LEA and Gray Owl breeding is a dun cow with an exceptional udder and good feet. Buttercup is nt821 negative.
